this document

### Purpose of the Guide

The purpose of this guide is to help you understand how to read a Montana driver record. Terms within this guide that are in **bold** text are defined in the glossary at the end of this guide.

The Department of Justice Motor Vehicle Division (MVD) maintains customer information as part of their permanent Montana driver record.

[§ 61-11, MCA](#) contains the primary **statutes** governing a driver record, the Montana Driver Privacy Protection Act (**DPPA**), and the release of a driver record.

Montana law restricts who may receive and how some aspects of a driver record may be used or applied. For example, under [§ 33-18-210\(9\), MCA](#), a conviction date older than three years derived solely from a driver record, may not be used to affect a person's insurance rates or insurance eligibility. The full MCA is available at <https://leg.mt.gov/bills/mca/index.html>.

### Types of Driver Records

The driver record types are:

1. A Montana basic driver record; or
2. A Montana commercial driver record.

### Basic Driver Record

A Montana basic driver record is a compilation of a person's lifetime driving history, and includes personal history, licensing information, **violations, sanctions**, and motor vehicle accident history. The basic driver record will no longer include a driver's medical status, self-certification, or the expiration date of their license.

**Note:** *A driver record can include information for a person who:*

- only has a Montana identification (ID) card;
- has no Montana **credential**; or
- lives outside Montana, has an out of state driver license, and received a ticket in Montana resulting in a sanction.

## GUIDE TO UNDERSTANDING THE MONTANA DRIVER RECORD

click to search  
this document

### Commercial Driver Record

A commercial driver record contains the basic driver record and has additional information specific to commercial drivers, including their medical qualifications. The Montana Legislature has restricted the individuals who may receive a commercial driver record. See [§ 61-11-105\(3\)\(b\), MCA](#).

### Certified Driver Record

A certified driver record contains the same information as a basic or commercial driver record with additional language certifying the information to be true and correct as recorded on the driver record. For example, a person may need a certified driver record to submit to a court.

### Privilege, Status, and Credential Type

A person will always have a privilege status even if they do not hold a Montana credential.

The status is derived at the time the driver record is printed. It is derived based upon a person's:

- privilege (their ability to drive or get a driver license);
- credential issued by Montana;
- driving history; and
- active sanctions.

### Information in a Montana Driver Record

The information compiled in a Montana driver record is separated into the following sections:

1. Requestor Information;
2. Driver and Credential Information;
3. Medical Certificate Information (commercial drivers only);
  - Active Sanctions;
  - History (includes past sanctions and violations);
4. Accident History.

## GUIDE TO UNDERSTANDING THE MONTANA DRIVER RECORD

[click to search this document](#)

### Notes:

- Some information is designated as highly restricted information. Highly restricted personal information is only disclosed to others under tightly regulated circumstances that are specifically authorized or required under the law (for example: medical or disability information).
- If a Montana driver is convicted of a driving offense in another state, those convictions will appear on their Montana driver record.

A cover page with driver record search results is included with the driver record information a person receives.

### Requestor Information

The name and address of the person requesting the driver record and the date the driver record was issued will appear in this section.

### Driver and Credential Information

Depending on the type of driver record requested and who requested the record, this section of a driver record may include the following information on the driver:

- Name (full legal name);
- Date of Birth;
- First License Date (the first date on MVD's system that the person was licensed in Montana; however, due to systematic changes this date may have been periodically reset);
- Privilege (the right to drive or obtain a driver license);
  - Identification Card (when applicable);
  - Non-Commercial license; and
  - Commercial driver license.
- Status (this is derived from the privilege, credentials, sanctions, and history events);
  - Deceased (the person is deceased);
  - Expired (the license or identification expiration date is in the past);
  - Learners (also known as a non-commercial learner permit);
  - Licensed (the person has a valid non-commercial or commercial driver license);
  - Eligible (the person does not have a valid Montana commercial or non-commercial driver license);
  - Not Eligible (the person does not qualify for a driver license. For example, their license is suspended because of a driving under the influence of alcohol conviction);
  - Probationary (the person is restricted to essential driving only in a non-commercial vehicle);

## GUIDE TO UNDERSTANDING THE MONTANA DRIVER RECORD

click to search  
this document

- Revoked (the person's driver license and privilege to drive are canceled and they are not authorized to operate a motor vehicle. In some cases, a person's commercial driver license may be revoked, but they may have a valid standard license);
- Revoked HTO (the person's driver license and privilege to drive are fully canceled because they have accumulated 30 or more conviction points within a 3-year period);
- Suspended (a driver's temporary inability to lawfully operate a motor vehicle); or
- Valid.
- Credential No (the driver license or ID card number, or it can also be a number assigned to a person whose privilege has been affected by Montana, but they do not have a driver license in Montana);
- State (jurisdiction credential is issued in);
- Credential Type;
  - CDL A (Commercial Driver License Class A);
  - CDL B (Commercial Driver License Class B);
  - CDL C (Commercial Driver License Class C);
  - CDTP LL (Cooperative Driver Testing Program Learner License);
  - CLP A (Commercial Learner Permit Class A);
  - CLP B (Commercial Learner Permit Class B);
  - CLP C (Commercial Learner Permit Class C);
  - Non-Commercial License;
  - Driver LL (Learner License);
  - 30 Day LL (30 Day Learner License);
  - FARSI B (Seasonal CDL Class B);
  - FARSI C; (Seasonal CDL Class C);
  - ID card;
  - MC Only (Motorcycle Only - the driver is only authorized to drive a motorcycle and no other motor vehicle);
  - MC LL (Motorcycle Learner License);
  - Probationary (restricted driver license for essential driving only); or
  - None.
- CDL Type;
  - Interstate; or
  - Intrastate.
- Issue Date (date credential was issued);
- Cease Date (date credential expires);
- Endorsements (additional certifications authorizing the driver to operate specific vehicles or to carry specific freight. For example, a motorcycle or hazardous materials endorsement) Note: These are the standard list supported by American Association of Motor Vehicle Administrators; See the "Endorsements" table below.

## GUIDE TO UNDERSTANDING THE MONTANA DRIVER RECORD

click to search this document

Endorsements	
Type	Description
Double/Triple Trailers	Authority to operate a commercial vehicle pulling double or triple trailers
Hazmat	Authority to engage in commercial transportation of hazardous materials that pose a risk to health, safety, and property during transportation
Hazmat/Tank	Authority to engage in commercial transportation of hazardous materials in a tanker
Motorcycle	Authority to operate a motorcycle
Passenger	Authority to transport 16 or more persons in a commercial vehicle
School Bus	Authority to operate a school bus
Tank	Authority to operate a commercial vehicle used to transport liquid or gases

- Hazardous Materials Endorsement;
  - TSA Security Threat Assessment;
  - TSA Security Threat Assessment Expiration Date (*date assessment expires*).
- Restrictions;  
*See the "Restrictions" table below.* Most of the restrictions that Montana utilizes are contained on the standard list supported by American Association of Motor Vehicle Administrators.

GUIDE TO UNDERSTANDING THE  
MONTANA DRIVER RECORD

click to search  
this document

Restrictions	
Type	Description
3-Wheeler Only	Restricted to operating a 3-wheeler motorcycle only and prohibits the operation of a two-wheel motorcycle
45-55 MPH	Limits the speed a driver may operate—up to 45 mph on secondary roads and 55 mph on the interstate
Auto Trans Only	Requires the driver to operate a motor vehicle with automatic transmission due to an impairment
Restrictions	
Type	Description
Corrective Lenses	Requires the driver to wear corrective lenses while driving
Daylight Only	Restricts the operation of a motor vehicle between half hour before sunrise and half hour after sunset
Empty Tanks	Restricts an individual with a commercial learner permit (CLP) to only drive with an empty tank
Essential Only	A restricted driver license limiting the operation to essential driving only
FARSI CDL B Active	A seasonal waiver permitting the operation of a Class B commercial vehicle for certain agricultural related activities and for limited miles
FARSI CDL C Active	A seasonal waiver permitting the operation of a Class C commercial vehicle for certain agricultural related activities and for limited miles
Felony Probation	Notification the driver is on felony probation and is restricted to only driving as authorized by their felony probation officer, and specifies the date the felony probation restriction ends
Ignition Interlock Required	Restricts the driver to only operating a motor vehicle with an installed ignition interlock and specifies the date restriction ends
Intrastate	Restricts the operation of a commercial motor vehicle to within the boundaries of Montana
Learner License	Requires the driver to only operate a motor vehicle in the presence of a licensed driver seated beside them
Left Outside Mirror	Restricts the operation to a motor vehicle with a left-outside mirror because the driver cannot meet the 20/40 standard from either right or left eye, or is deaf, wears a hearing aid, or is hard of hearing

## GUIDE TO UNDERSTANDING THE MONTANA DRIVER RECORD

click to search this document

<b>Restrictions (cont.)</b>	
<b>Type</b>	<b>Description</b>
Low Speed Vehicle	Restricts the driver to only operate an electrical vehicle exclusively designed to operate at a low speed
Mechanical Aid	Restricts the driver to operating a motor vehicle with an aid or device allowing them to safely operate a motor vehicle
Medical Variance	Has a CDL with a federal medical waiver or skills performance evaluation certificate
Military Exemption	The driver is a military member whose license expires 90 days after honorable discharge
Motorcycle Only	Restricts the driver to operate a motorcycle and no other type of motor vehicle
No Airbrakes	The driver is not authorized to drive a commercial vehicle with air brakes
No Class A Bus	Restricts the driver to operating a Class B or C bus and cannot operate a Class A bus
No Class A or B Bus	Restricts the driver to operating a Class C bus and cannot operate a Class A or B bus
No Full Airbrake CMV	Authorized to drive a commercial motor vehicle with an air-over-hydraulic brake system
No Inclement Weather	Restricts the driver to not operating a motor vehicle in inclement weather because of a physical or vision impairment
No Interstate	Prohibits the operation of a motor vehicle on an interstate
No Manual Transmission in CMV	Authorized to drive a commercial vehicle with automatic transmission only and cannot drive a commercial motor vehicle with manual transmission
No Passengers	Commercial learner permit has a passenger endorsement but cannot drive with any passenger except an auditor, inspector, examiner, or trainer
No Tractor Trailer	Not authorized to operate a commercial vehicle with a 5th-wheel or skid plate connection
Other	Non-specified catch all restriction; rarely used

## GUIDE TO UNDERSTANDING THE MONTANA DRIVER RECORD

click to search this document

<b>Restrictions (cont.)</b>	
<b>Type</b>	<b>Description</b>
Oxygen While Driving	Restricts the driver to only operating a motor vehicle if using oxygen
Prosthetic Aid	A driver who is missing a limb and is authorized to only operate a vehicle while using a prosthetic aid
Restricted Area	Restricts the driver to only drive on the described route
Restricted GDL	The driver has been issued a graduated driver license (GDL) and is restricted to the GDL requirements and specifies the date on which GDL period ends
To-From Bus	The driver is restricted to only driving to or from a school bus stop
To-From School	The driver is restricted to only driving to or from a school
Underlying License Req for CLP	A driver must have underlying license for permit to be valid
Valid Only in Montana	The driver is restricted to operate a motor vehicle only within the boundaries of Montana

- Special Restrictions (related to medical and/or vision issues);
  - Examples of special restrictions include:
    - Hand controls; or
    - Travel only to and from school.
- Historical Information;
- Surrender(s) to Montana; (for example, an Arizona driver moves to Montana and surrenders their Arizona driver license to MVD when issued a Montana driver license); and
- Surrender(s) to Another Jurisdiction; (for example, a Montana driver moves to Arizona and surrenders their Montana driver license to them when issued an Arizona driver license
- Identification Information (commercial driver record only);
- Name Type (legal, previous name(s), or alias);
- Last name;
- First name;
- Middle name;
- Suffix;
- Truncated (a certain number of letters in a person's name may be deleted due to system limitations); and
- Transliterated (a name is transcribed into corresponding letters of the English alphabet).

## Medical Certificate Information

This section only appears if a person is or has been a commercial driver, and includes the following information regarding a commercial driver's **Medical Examiner Certificate (MEC) or a Montana Medical Card (MMC)**:

- **Self-Certification** – All Montana commercial drivers or commercial learner permit holders must self-certify;
- Non-Excepted Interstate – The driver operates or expects to operate a commercial vehicle across state borders. The driver must obtain a medical examiner certificate or receive an applicable federal waiver.
- Excepted Interstate – The driver operates or expects to operate a commercial vehicle for limited purposes as defined in federal regulation, across state borders. The driver is not required to hold a medical examiner certificate.
- Non-Excepted Intrastate – The driver is only operating within the borders of Montana. The driver must obtain a medical examiner certificate. If the driver is unable to qualify for the federal MEC, the driver must qualify for a Montana Medical Card (MMC).
- Excepted Intrastate – The driver operates or expects to operate a commercial vehicle for limited purposes.
- Medical Status (*MEC or MMC*);
- Certified (the person has met the qualifications to drive a commercial motor vehicle); or
- Not Certified (the person has not met the qualifications to drive a commercial motor vehicle. For example, they will be “not certified” if they have a Class A driver license and an expired MEC).
- Issue Date (date MEC or MMC is issued);
- Expiration Date (date MEC or MMC expires);
- Certificate Restrictions (the medical provider has placed certain restrictions on the driver. For example, corrective lenses);
- Effective Date (date certificate restrictions are in effect);
- Expiration Date (date certificate restrictions expire);
- Medical Examiner Information;
- Name;
- Specialty (the medical examiner's area of expertise, for example, a chiropractor or registered nurse);
- License Number;
- State;
- Phone; and
- National Registry Number (the number assigned by the Federal Motor Carrier Safety Administration (FMCSA) indicating the medical examiner is certified).

this document

### Active Sanctions

This section details any active sanctions on the driver record, and may include the:

- Posted Date (date MVD posted the sanction to the driver record)
- Record ID
- Sanction Type
- Source ID (ID of the violation that triggered the sanction)
- Commence Date (date the sanction started);
- Cease Date (date the sanction period ends);

**Note:** *A cease date does not necessarily mean the sanction is closed. A sanction will remain active if there are unmet requirements.*

- Action (suspended, revoked, revoked HTO, canceled, and other);
- Sanction Code (for example, "D51 – Failed to pay child support");
- Unmet Requirements (requirements a driver must comply with before they are eligible to be licensed. For example, "Ignition interlock required");
- Violation Type;
- Violation Date;
- ACD(an American Association of Motor Vehicle Administrators (AAMVA) code used to identify driver convictions and withdrawals enabling states to exchange this information);
- Description;
- CMV/Haz/16-Pass (yes or no to each, and is dependent on whether the violation occurred in a commercial motor vehicle (CMV), the commercial motor vehicle had a Hazmat placard, or the commercial vehicle was a 16+ passenger vehicle);
- Jurisdiction (the state or country an offense occurred in (for example: Montana, Arizona or Puerto Rico));
- Statute (the specific state statute violated or a local ordinance violation);
- Case number (conviction number or court case number);
- Court Name; and
- Points (the number of points associated with a history event).

## GUIDE TO UNDERSTANDING THE MONTANA DRIVER RECORD

[click to search this document](#)

### History

This section details any past sanctions applied to a driver record and both a driver's violations and non-violation events. This may include sanctions applied by another state. The list is sorted with the most recent sanctions and related events at the top.

The sanction history information includes:

- Posted Date
- Record ID
- Sanction Type
- Source ID
- Commence Date (date the sanction started);
- Cease Date (date the sanction ended);
- Reinstatement Date (date when driver is reinstated);
- Requirements Met Date (date all requirements were met).

**Note:** *Often the end date and the requirements met date are the same. However, if there were unmet requirements when the sanction period ended, the requirements met date will be after the end date.*

- Action (suspended, revoked, revoked HTO, canceled, and other); and
- Sanction Code (ACD Code from related History Event);

History events may include the following information:

- Posted Date
- Record ID
- Violation Type
- Violation Date;
- Conviction Date;
- ACD (an American Association of Motor Vehicle Administrators (AAMVA) code used to identify driver convictions and withdrawals enabling states to exchange this information);
- Description (for example, "Careless driving");
- CMV/Haz/16-Pass (yes or no to each, and is dependent on whether the violation occurred in a commercial motor vehicle (CMV), the commercial motor vehicle had a Hazmat placard, or the commercial vehicle was a 16+ passenger vehicle);
- Jurisdiction (the state or country an offense occurred in. For example, Montana, Arizona or Puerto Rico);
- Statute (the specific state statute violated or a local ordinance violation);
- Case Number
- Court Name
- Points (the number of points associated with a history event);

## GUIDE TO UNDERSTANDING THE MONTANA DRIVER RECORD

click to search  
this document

### Accident History

This section details accidents recorded on a driver record, and includes the:

- Posted Date (date MVD applied the accident to the driver record);
- Record ID
- Type
- Accident Date (the date the accident occurred);
- Jurisdiction (the state or country where the accident occurred. For example, Montana, Arizona or Puerto Rico);
- Severity (references if the accident resulted in a fatality, incapacitating injury, non-incapacitating evident injury, possible injury, non-injury, or unknown); and
- CMV/Haz (yes or no to each, and is dependent on whether the accident occurred in a commercial motor vehicle or the commercial motor vehicle had a Hazmat placard).

**\*See Exhibit A on pages 14, 15, 16, and 17 for a sample Montana Driver Record\***

### Requesting a Basic or Commercial Driver Record

You can choose one of two methods to request a basic or commercial driver record:

- Online through the Driver History Records service at <https://mvdmt.gov/driving-records> ; or
- Submit the *Driving Record Request/Consent to Release Driving Record to Another Person or Entity* form, by mail or in person. The form is available on the Department of Justice website at <https://mvdmt.gov/forms-driver-license/>

### Fees

Driver record fees are dependent on the driver record type requested, how a person requested the record, and how MVD is returning it to a person. Each driver record request will incur a fee, even if the MVD system has no information about the requested customer in its database or you do not print or save the driver record.

### Processing Time

Online requests are processed immediately. MVD processes in-person and mail driver record requests in the order received. Certain requests take priority. For example, time-sensitive requests from courts, law enforcement, and prosecutors.

## Glossary

**Administrative Action:** A sanction that is statutorily authorized by MCA and applied by MVD to a driver record. The sanction may result in cancellation, suspension, or revocation of a person's driver license.

**Canceled:** This is a type of sanction. A cancellation is when MVD rescinds a previously issued credential.

**CDL:** Commercial driver license.

**Credential:** A non-commercial driver license, commercial driver license, learner license, probationary license, motorcycle only, identification card, or none.

**DPPA:** Driver Privacy Protection Act. Montana's DPPA complies with the federal DPPA. See [§ 61-11-501, MCA](#) and subsequent MCA for the Montana DPPA. The DPPA protects a driver's personally identifiable information, from use or disclosure.

**Federal Motor Carrier Safety Administration (FMCSA):** The FMCSA is part of the United States Department of Transportation and is responsible for establishing the testing and licensing requirements for commercial drivers.

**Habitual Traffic Offender (HTO):** A person is declared an HTO when they accumulate 30 or more conviction points within a 3-year period according to the statute schedule. See [§ 61-11-203, MCA](#).

**Habitual Traffic Offender (HTO) Points:** MVD assigns points to convictions according to the statute schedule. If there are two or more convictions involving a single occurrence, only the number of points for the specific conviction carrying the highest points is counted toward declaring a person an HTO. [§ 61-11-203\(1\)\(b\), MCA](#).

**History Event:** A record of a conviction, administrative action, or implied consent violation placed on a driver record.

**Interstate CDL:** Allows a commercial driver to operate a commercial motor vehicle in any state.

**Intrastate CDL:** Allows a commercial driver to operate a commercial motor vehicle in Montana only.

**MCA:** Montana Code Annotated. These are the laws of Montana passed by the Montana State Legislature.

## GUIDE TO UNDERSTANDING THE MONTANA DRIVER RECORD

click to search  
this document

**Medical Examiner Certificate (MEC):** A certificate issued after a physical examination of a driver, conducted by a medical examiner who is certified by FMCSA. This is used to determine a commercial driver's medical qualifications.

**Montana Medical Card (MMC):** A customer with a Commercial Driver License (CDL) who has attempted to obtain a federal Medical Examiner's Certificate (MEC) but does not qualify, may attempt to obtain a Montana Medical Card (MMC). The MMC allows commercial operation within the state of Montana.

**Non-Commercial Learner Permit:** A type of credential MVD issues to an applicant after they have successfully passed the vision screening, knowledge test(s), and is otherwise qualified. The learner license allows the licensee, while in immediate possession of the license and accompanied by a licensed driver seated beside the licensee, to drive a motor vehicle. The type of motor vehicle a licensee may drive is dependent on the type of learner license received—a motor vehicle, commercial motor vehicle, or motorcycle.

**Points:** The MVD assigns a statutorily defined value between 0 and 15 to each conviction based on its type. Non-specified non-moving violations have 0 points assigned to them. For example, a driver with expired vehicle plates with a conviction for deliberate homicide resulting from the operation of a motor vehicle, is assigned 15 points. See [§ 61-11-203, MCA](#).

**Sanction:** A cancelation, suspension, revocation, or other withdrawal of driver license or privilege to drive.

**Self-Certification:** CDL drivers must self-certify the type of transportation they are engaged in and then prove they are medically qualified depending on whether they are Non-Excepted or Excepted Interstate, or Non-Excepted Intrastate.

**Statute:** Montana Code Annotated (MCA), or a local ordinance number.

**TSA Security Threat Assessment:** The Transportation Security Administration (TSA) conducts a threat assessment for any driver seeking to obtain, renew and transfer a hazardous materials endorsement on a state-issued commercial driver license.

**Verdict:** This term is defined by [§ 61-5-213, MCA](#) and means:

- (1) a plea of guilty or no contest accepted by the court;
- (2) an adjudication of guilt that has not been vacated by the appropriate court;

## GUIDE TO UNDERSTANDING THE MONTANA DRIVER RECORD

[click to search  
this document](#)

- (3) a determination that a person has violated or failed to comply with the law in a court of original jurisdiction or by an authorized administrative tribunal;
- (4) a bond forfeiture that has not been vacated;
- (5) the payment of a fine or court cost; or
- (6) the violation of a condition of release without bail, regardless of whether the condition is imposed as part of probation.

### **Version History:**
